B1

Seasoned Full Stack Web Developer with almost **5 years of experience**, excelling in Vue.js and Laravel. I've worked for a **Japanese company for 3 years** remotely, enhancing my cross-cultural skills.

Experience

PT. Thortech Asia Software Mar 2020 - Mar 2021
Full Stack Web Developer Samarinda, Indonesia

🔗 <https://thortech.asia/>

Developed two projects using React.js and Laravel as a full stack developer working in a team of four and act as the lead of the front-end team.

PT. Indeks Media Teknologi Mar 2021 - Feb 2022
Full Stack Web Developer Samarinda, Indonesia

🔗 <https://www.linkedin.com/company/pt-indeks-media-teknologi>

I served as a Full Stack Developer for a Japanese project, employing Vue.js for the frontend and Laravel for the backend service. My role encompassed feature development, seamless frontend-backend integration, collaborative teamwork in agile, and communications between Japanese team and Indonesia team

Synchate Co Ltd (株式会社シンクエイト) Feb 2022 - Mar 2024
Full Stack Web Developer Remotely, Tokyo, Japan

🔗 <https://synchate.co.jp/>

I currently work remotely as a full stack developer leveraged Vue.js and Laravel on a big scale project for clients. My focus is more on the front-end side with the main focus of the project is developing a web from a 20 years desktop app.

TechQiao Inc. (テックチャオ株式会社) Mar 2024 - Present
Full-stack Web Developer Remotely, Shizuoka, Japan

🔗 <https://techqiao.co.jp/>

I'm working for the same project from the same project with new environment. My role remains focused on enhancing the application's functionality, user experience, and performance. Leveraging my extensive experience and deep understanding of the project.

Education

SMKN 7 Samarinda Mar 2019 - Mar 2021
